## **TEAM COMPOSITION AND PLAYER ASSIGNMENT**

Responsibility for player distribution and assignment will rest with the League Chairman, the Assistant League Chairman, the League Director, and the Player Agent. Their primary consideration will be that all teams will be as equally balanced as possible to allow each player the opportunity to play, to learn, and to improve or enhance his/her baseball/softball skills, and to enjoy participation in the New Palestine Youth League program.

The method to be used will be considered by league and division areas with a view towards the overall league structure to preclude the possibility of imbalances, which might result from a blanket policy.
